

## おやすみってって

君のほほに  
君の眉根に  
つめたくなつた耳に  
丸めた手のひら

かすかな吐息  
わずかにふるえる  
君の背中に宿る  
君だけの不安

ふるい記憶はせめるの  
なくした記憶はつるの  
閉じた世界をあたたく濡らす  
雨のように  
海のように

おやすみってって  
ぼくをずっと 好きでいて

二度と 消えない  
決して 絶えない  
ママの腕のなかで  
さあ 瞳をとじて

君のくちびる  
君の親指  
こめかみと首すじに  
顔をうずめ

たしかな不安  
ここにもあるよ  
君が閉じた瞳に  
君を閉ざすこの瞳

ふるい記憶がとどまるの  
なくした記憶におびえるの  
閉じた世界を力づよく開く  
風のように  
光のように

おやすみってって  
ぼくのこと 愛して

二度と 迷わない  
決して 離さない  
ママの腕のなかへ  
いま 強くなれる

## Say, Good Night

I kiss on your cheek  
And the edge of your eyebrow  
The night air chills your ears  
Your fists are curling

You breathe easily  
Yet shudder slightly  
How did I know the fear racing up your spine?

The sweet old dream you are cherishing?  
The shattered dream you're still suffering?  
Unlock your dream; let yourself bathe in the sea  
With no fear  
Immersed in the warm wave  
While it's cradling

"Stay with me and say to me, 'Good night.'  
I want you to love me until forever"  
This'll never be taken away  
Never out of sight  
You're safe within my arms  
So close your eyes

Your lips are trembling  
Isn't that unsettling?  
I rest my head on your neck

Now you sleep like a lamb  
Still I hide my fear  
You might have noticed it  
Can you see that I've turned away from you?

The sweet old dream you're cherishing?  
The shattered dream you're still suffering?  
Unlock your dream: let yourself enter the light  
Use your will  
Fly with the strong wind  
While it's rising

"Stay with me and say to me, 'Good night.'  
I want you to love me until forever"  
We'll never be lost in space  
And I won't let you go  
You're safe within my arms  
So close your eyes

"Stay with me and say to me, 'Good night.'  
I want you to love me until forever"  
We'll never be lost in space  
And I can let you fly  
You are safe within my arms  
So, close your eyes  
We'll never be apart or alone  
As I hold you in my arms  
I can be strong
